# ACT Course for December 9<sup>th</sup> 2017

Our course helps you to find common trends in your mistakes and will help you address particular areas through computer analysis, test-taking strategies, exercises, and worksheets, drills, a wealth of 1-page handouts, and quick-feedback 1-page quizzes to assess skills and weaknesses.

The course offers identical classes on Tuesdays and Thursdays. Please attend one per week. Each week, students can choose what day works best. A workshop on the Wednesday before Thanksgiving will provide additional help for each student's area of weakness.

**Friday, 11/3/17**

Last day to register for ACT without fee [www.actstudent.org](http://www.actstudent.org)
