

Improve your ACT Score!

Class 101 ACT Prep courses help you to find common trends in your mistakes and will help you address particular areas of need through test analysis, test-taking strategies, exercises, worksheets, and web support. For over 21 years, more than 5000 students have participated in our courses and improved, on average, **3.1 points** on their total score.

Here's what parents are saying about Class 101 ACT Prep:

"When we first heard about Class 101, we were concerned that the cost was too high. We decided to take a chance and enrolled our senior for the classes. When she took the ACT a couple of weekends after the class concluded, her composite ACT score went up three points, which translated to an extra \$16,000.00 in scholarship money from her university. Class 101 more than paid off for us!" Parent
