Improve your ACT Score!

Class 101 ACT prep courses help you to find common trends in your incorrect answers and will help you address particular areas of need. In over 21 years, more than 6000 students have participated in Class 101 ACT prep courses and improved on average 3.1 points on their total ACT score.

Here's what parents are saying about Class 101 ACT Prep:

"When we first heard about Class 101, we were concerned that the cost was too high. We decided to take a chance and enrolled our student for the classes. When she took the ACT a couple of weekends after the class concluded, her composite ACT score went up two points, which translated to an extra \$16,000 in scholarship money from her university. Class 101 more than paid off for us!"
